

Habasit Makes a Turn for You

You know Habasit as a supplier of durable straight conveyor belts, but we are now ready to partner with you on replacement turn belts. The patented UMPH140BWPT is the perfect choice for the majority of your powerturn needs. We also have a full complement of curvable belts which provide us with a belt for every type of application.

"The powerturn belts are very durable and have excellent longevity. With the amount of volume our building processes on a daily basis, it's very rare for us to change any of our powerturn belts frequently since switching to your belts."

- statement made by a Sortation Facility Plant Engineer

Why buy powerturn belts from Habasit?

- High quality belting material
- On-site belt survey
- Competitive pricing
- Reduced lead times
- Belt stocking program
- State of the art fabrication process

Our new UMPH140BWPT belt is the ultimate powerturn belt. It was designed specifically for powerturn applications. This dynamic belt has strength laterally, longitudinally and diagonally. No matter which way a turn panel is cut from the belt, it maintains strength in all directions. With high tear resistance, superior lace retention, and a rugged urethane cover, the UMPH140BWPT is becoming the leading belt in the powerturn market.

Powerturn Replacement Belts

Belt Type	Diagram	Applications	Tear Resistance	Thickness	Antistatic	FR	Min. Pulley Diam.
UMPH140BWPT		Airports / Distribution Centers / Material Handling	More than 20% higher than industry average	0.11"	Yes	Yes ASTM	2.0"
TMIPH633EMB		Heavy Load / Low Speed	More than 25% higher than industry average	0.15"	Yes	Yes ASTM	2.0"
RPH2-160 TxB		Airports / Material Handling / Indexing	More than 10% higher than industry average	0.14"	Yes	Yes	4.0"
RPH2-160 RTxB		Airports / Material Handling / Incline / Decline	More than 10% higher than industry average	0.25"	Yes	Yes	3.0"
CNB-6EB		Bakery / Confectionary / FDA	Exceeds Standards	0.04"	Yes	No	0.6"
FAB-5EB		Bakery / Confectionary / FDA	Exceeds Standards	0.06"	Yes	No	0.6"
ST100 / U Glossy		Bakery / Confectionary / FDA	Exceeds Standards	0.03"	No	No	0.2"
